Acknowledgments

For me, this section has been the most difficult to write. The cynical Sei Jin told me to skip it all together since one is always bound to forget somebody deserving thanks. The sentimental Sei Jin was horrified. We struggled, we negotiated, and we finally came to a settlement...

I will not specify names as my meager recall would shame me and all of you. However, I would like to thank everyone who has crossed my life, past and present, friends, family, and otherwise—you have taught and inspired me a great deal. Most of all, I am extremely in awe of you for putting up with me. I offer you my profoundest thanks.
